King's Island 2 Help

Everyone I have CONFIRMED the PROPER METHOD (using a WEAPON not MAGIC) to use to KILL the GREEN SWIRL Wind Sword Soldiers found in the Lands of the Wind Guardians.

For the GREEN SWIRL Wind Sword Soldiers use the EARTH DAGGER (sword with yellow star) in the WEAPON SLOT for either the WARRIOR or MAGE (I used in MAGE).

--> Also Please Note: The GREEN SWIRL Wind Sword Soldiers can NOT be killed with any weapon other than the EARTH DAGGER (sword with yellow star). That means that all AXES, BOWS, CLUBS and SWORDS/DAGGERS (other than EARTH DAGGER) WILL NOT WORK on the GREEN SWIRL Wind Sword Soldiers.

Good Hunting!
